

Going Green @My Library!

Distance Learning Activities for Grades K-2

If you have any questions, please email me at stephaniemann@pickens.k12.sc.us
Have fun!

Read/Listen: What does it mean to help take care of the earth? Click [HERE](#) to listen to a fun story about this!

Research: Learn more about how to help our earth. Visit the database [PebbleGo](#) on your Launchpad and search for the article called "Reusing and Recycling". Read it. Databases like PebbleGo are very "reliable". That means that the information is double-checked to make sure that it is true.

Make/Create: Upcycle your toilet paper rolls and craft them into something fun! Click [HERE](#) for some ideas! Be sure to take a picture of what you make and send it to me!
